**WIC IS HERE FOR YOU
DURING THE
COVID-19 OUTBREAK**

WIC is a supplemental nutrition program that provides benefits to purchase healthy foods, nutrition and health information, breastfeeding support and referral to community support programs to income eligible pregnant and post-partum women, infants and children up to the age of five years old.

"WIC helped me feed my kids while I was out of work and helped provide nutritional guidance for my children."

Grand Island WIC is continuing to provide benefits and enroll new participants during the COVID 19 Pandemic. Appointments are completed over the telephone at this time.

Please call 308-385-5188.

Income guidelines are generous, for example a household of four can be eligible with an income of \$917 per week or less. Please call the WIC office for more details.
